Memorial Exercises at Oakdale Cemetery

Memorial day will be fittingly observed in the San Gabriel valley. The trustees of the city of Covina have declared it a holiday and that all business houses be closed. Exercises will be held, as usual, at the Oakdale cemetery, Rev. S. J. McConnell being chairman of the day. The exercises will start at 9:30 a. m.

The G. A. R. veterans will raise "Old Glory" to the music of "Star Spangled Banner" played by the Covina city band. The school children will decorate the graves, assisted by the Women's Relief corps. The Covina band will lead in the singing of "America," and furnish other patriotic music. Lincoln's Gettysburg address will be given by a student from the Citrus Union high school. The address will be given by Mr. R. W. Gentry. Salute to the flag and taps of the firing squad will be given by members of the Covina Legion post. Rev. Peter J. Quinn of Azusa will give the invocation and the benediction will be pronounced by Rev. R. C. Gould of Glendora.

Colonel Jack Hastie, Jr., of Glendora, will be grand marshal of the day, assisted by Earl H. Philleo of Azusa and Gordon Douglas of Covina.

The executive committee is composed of William Hoogendyk, Covina, L. G. Shelton, Glendora, and Keith Vosburg of Azusa.

Dr. S. S. Magan left Tuesday to spend five weeks in Cleveland and Chicago. He will be a delegate of the Covina Rotary club at the Rotary convention being held in Cleveland and from there plans to spend some time studying in Cleveland and Chicago. Gas Company Will Erect New Offices

The Southern Counties Gas company has closed a deal this week whereby it has purchased of the A. M. Seymour estate a lot with a 60-foot frontage on East College street, adjoining the Home Telephone company's building on the east.

The company plans this summer to erect a one-story hollow tile class A building, which will provide for lawns and landscape effect. On the rear of the lot, which is 175 feet in depth, will be erected a garage and storeroom capable of housing eight trucks required for the work of the company throughout the valley.

This location is ideal, as it tends to group the buildings housing the public utilities in the same block. The city hall, when erected, will be located just opposite. This will be of convenience to the public in making payment of the water, gas and telephone bills.

Puente Street Urged As New Boulevard

The Covina chamber of commerce had an unusually large number out at its Monday luncheon, including a representation from West Covina and Baldwin Park, Mr. G. F. Rinehart presiding in the absence of Dr. J. D. Reed.

J. L. Matthews, chairman of the road committee, made a report on the route of the proposed new highway. Mr. Matthews stated, from authentic report received by him that West Covina had given up the attempt to place the new boulevard on Arroyo Drive, owing to the fact that Supervisor Cogswell had stated that 50 per cent of the expense of construction would be borne by the property owners abutting, which left the Puente street route a strong favorite. He also stated that West Covina intended to broaden Arroyo Drive to a width of 60 feet the length of its corporate limits, and to oil and macadamize the road, but not to use the more costly construction.

D. J. Shultis of Baldwin Park was then introduced and reviewed the struggle of the past four years to establish a central boulevard through this valley.

H. A. Miller then spoke of the advantages to accrue to Covina by the establishment of the boulevard on Puente street, complimenting the chamber on its endorsement of the proposition and in its contribution financially to securing the right-of-way leading into Baldwin Park.

Howard S. Leech of Baldwin Park, then supplemented the statements made by his co-worker, Mr. Shultis, stating that Baldwin Park was standing shoulder to shoulder with Covina to put the boulevard where it would do the two cities the most good.

On motion made by W. A. Viney and seconded by Henry Damerel, the following resolution was unanimously adopted:

"The chamber of commerce of Covina hereby endorses the action of the board of trustees of the city of Covina in its action at its regular [illegible] by unanimous vote, approved the selection of Puente street as a proper location for the new boulevard from Baldwin Park east to its connection with the new road through the hills to Pomona."

Copies of this resolution were ordered sent to the Hon. Prescott Cogswell, supervisor, the board of supervisors, the Los Angeles county planning commission, Comissioner Jones, and the press.

Earl Davis, chairman of the Merchants' committee, reported that through the efforts of Mr. Leonhardt Dr. Paul W. Ivey, sales lecturer and counselor, under direction of U. S. C., had been secured to deliver a lecture Thursday evening, June 11th, on [illegible] for the benefit of the merchants and clerks of the valley.

Fred W. Carter and Charles Zug also appeared before the chamber, outlining the proposed drive next week for the American Legion endowment fund. It received the unanimous endorsement of the members of the chamber.

STONEMAN PLACE TRADED FOR APARTMENT HOUSE

R. W. Stoneman has traded his two acres and fine residence on Orange avenue for an apartment house in Hollywood. The new owners will occupy the home after the close of school. Mr. Stoneman and family will live in Pasadena, on Allen street. This beautiful home is known to many as the W. G. McCadden place.

Men's Club Stages Rousing Program

The Men's club program and dinner last Friday ngiht registered one of the largest attendances of the year. The Lions and Rotarians provided the program, which was thoroughly enjoyed from start to finish, R. W. Gentry, the president, presiding.

The usual community singing was led by Rev. Edward Williams, with Mrs. Henry Damerel at the piano. Miss Lucie Warren gave several selections on the cello, and "The Clarion Four" from La Verne college, brought a rousing message with their voices.

It remained for J. Whitcomb Brougher to round out the evening's entertainment by a lecture on "Keys and Key Holes," delivered in his inimitable manner. Truths were driven home through anecdotes and illustrations that will not soon be forgotten.

Four past presidents were guests of the club—Edwin Jobe, Harry Gordon, C. E. Crawford, and B. F. Thorpe.

Lyric-Arion Clubs Heard in Concert

The second combined concert of the Lyric club and the Arion club at the Citrus union high school, Thursday evening, May 21st, was largely attended by music lovers of Covina. The concerts given by these two leading musical organizations of San Gabriel valley are eagerly anticipated by those fortunate in receiving invitations. Mr. Clifford Lott, under whose instruction the clubs have worked for several seasons, directed the concert in his characteristic manner. Mrs. Henry Damerel needed no introduction, as she has made for herself an outstanding position as an accompaniste of the highest rank. Incidental solos were sung by Mrs. Charlotte White and Miss Virgie Wilson. Mrs. White is well known for her sweet voice, and Miss Wilson, although not personally known to many in the audience, received approval for the manner in which she sustained her part.

The Lyric-Arion clubs sang a group of three spirituals that appealed to the audience, "Listen to De Lambs" sung by request, especially bringing out the volume of the combined choruses. "Amaryllis" (Gavotte), by the Lyric club and "The Builder" (Cadman), by the Arion, were especially well rendered.

The members of the Lyric club who participated in the concert were Mrs. Charlotte White, Mrs. J. H. Coolman, Mrs. V. R. Johnson, Mrs. Alice Clapp, Miss Virgie Wilson, Mrs. R. W. Crook, Mrs. H. R. Webber, Miss Ruth Watson, Miss Crystal Gates, Miss Lucy Matthews, Mrs. David Watson, Mrs. H. S. Goode, Miss Hazel Bristow, Mrs. Claire Hammond, Miss Frances McClain, Mrs. Lucile Schureman, Mrs. Fred H. Preston, Miss Mabel Van Vliet, Mrs. Chas. Lee, Mrs. Mary Willits, Mrs. May Willitts, Mrs. F. C. Kaiser and Miss Margaret Kaiser, all of Covina, Mrs. George W. Fuhr and Mrs. Porter Heth of Azusa, and Mrs. Fred Wilson and Mrs. Zentmeyer of Glendora.

The members of the Arion club [illegible] L. D. Bergor, Freeman High and A. G. Stone, first tenors; E. M. Clossen, H. L. Herdig, Edward Williams and Clark Briggs, second tenors; D. L. Edgett, C. A. Griffith, W. A. Lee and H. N. Neichter, baritones; T. R. Berger, C. B. Griffith, W. A. Jones, George W. Fuhr, Russell Munn and W. M. Warren, bass.

FORMER SCHOOL INSTRUCTOR HOME FROM UNIVERSITY

Miss Florence Nicholson, daughter of Rev. and Mrs. John Nicholson, will return the first of next week from New York, where for the past year she has been attending Columbia university. Miss Nicholson recently held a position in the Covina high school as instructor of Spanish and English and she plans to secure a position in the schools in Southern California.

Puente Boulevard Is Endorsed by Trustees

Standing room was at a premium Monday night in the city hall, when two hundred citizens of the community appeared before the city trustees to ask for the endorsement of Puente street for the Baldwin Park-Covina link of the new highway which will connect Los Angeles and Pomona. A delegation of nearly thirty was present from Baldwin Park, as well as representatives of the West Covina district. The trustees, who have felt all along that Covina could not afford to allow the boulevard to be routed further south than Puente street, were pleased with the unanimity expressed, and went on record as endorsing the route to extend from Baldwin Park to Grand avenue over Puente street, thence diagonally through the Chaffee ranch to join the Pomona road at the bridge. In addition to the highway traffic, this route will open a direct road from Covina to the new Boys' Collegiate school which is located just east of Grand avenue, and also to the Kellogg estate of over three hundred acres which has recently been purchased for a palatial residence.

Another important action of the board was the letting of a contract to Robertson Brothers of Santa Ana for the lighting of San Bernardino road, College and Second streets at $18,335 and also of Dexter street at $4,445.

The board also passed the following resolution:

"The board of trustees of the city of Covina do resolve as follows: That all of the city offices of said City of Covina be closed on Memorial day, Saturday, May 30th, 1925, in memory of the nation's honored dead and that all business houses in said city be also closed in memory of our nations's defenders."

Millionaire Buys 377 Acres East of City

An important real estate transfer during the past week and one which has created much comment is the purchase by W. K. Kellogg, multi-millionaire manufacturer of breakfast foods of Battle Creek, Michigan, of 377 acres of land from Cecil George. This property is a part of the Phillips estate and is bounded by the Covina-Pomona road.

Mr. Kellogg, who has been making his home in Southern California during the past winter on the Silent estate near Glendora, announced before leaving for the east last week that it is his purpose to erect upon his newly purchased property a handsome residence costing in the neighborhood of $100,000. He also stated that within the next six weeks Dr. Carl Kellogg, a son, would remove to California to take personal charge of the development work. He is planning to make this sightly property one of the show places of Southern California.

The site of Kellogg's new estate is directly west of the terminus of Holt avenue, Pomona, and is bounded on the east and north by the Pomona-Covina road. With the exception of about 25 or 30 acres, the property is level ground. Mr. Kellogg is a breeder of magnificent Arabian horses and this ranch promises to be one of the centers of the idustry in the United States.

He is one of the many wealthy men of this country who are now looking toward the San Jose hills which lie between Covina and Pomona, for country estates. This fact has been verified by statements which have been made during the past week by several leading real estate brokers of Los Angeles.

Mr. Kellogg is a personal friend of the Drs. W. P. and S. S. Magan, whose father for years has been the Kellogg family physician.

"OUR COMRADES, WHO DIED IN DEFENSE OF THEIR COUNTRY."

It was John A. Logan, Commander-in-Chief of the Grand Army of the Republic, who in 1868 instituted Memorial Day, as a National memorial to "our comrades who died in defense of their country."

Let us keep the trust they bequeathed, by works that shall make America ever increasingly the world's champion of right and justice, the leader in progressive achievement. Thus shall we perpetuate their memory in a Memorial of ever-growing grandeur.

MEMBERS OF BAND BANQUET THEIR RETIRING LEADER

The Covina city band members had a splendid chicken banquet and a real good time at the Covina hotel the night of May 20th. Present also at the banquet were director H. R. Berry and four members of the city council, Messrs. Maxfield, Longworth, Schaich and Laycook.

Carroll Pitts, the band president, served ably as toastmaster. He called on different ones to speak freely what was on their minds, but the meal seemed to have left all thoroughly incapacitated. The members of the council congratulated the band on its organization and progress under Mr. Berry's capable direction.

The president, on behalf of the band, presented a beautifully engraved baton as a gift of appreciation and remembrance to Mr. Berry, who is retiring as the band's leader.

After the feed the boys, not losing an opportunity to practice, went to the band hall and engaged in rehearsal.

The city at all times has encouraged and substantially helped the band in its three beginning years, realizing that the band organization does [illegible] useful and necessary for a city of Covina's size.—Contributed.

BETTER MAILING WEEK— JUNE 1ST TO 7TH, 1925

DO YOU KNOW—

That 21,000,000 letters went to the dead letter office last year?

That 803,000 parcels did likewise?

That 1,000,000 letters go into the mail yearly in perfectly blank envelopes?

That $55,000 in cash is removed annually from misdirected envelopes?

That $12,000 in checks, drafts, and money orders never reach intended owners?

That Uncle Sam collects $92,000 a year in postage for the return of mail sent to the dead letter office?

That it costs Uncle Sam $1,740,000 yearly to look up addresses on misdirected mail?

That 200,000,000 letters are given this service and that it costs one city alone $500 daily?

That this vast sum could be saved and the dead letter office abolished if each piece of mail carried a return address, and if each parcel were wrapped in stout paper and tied with strong cord?

Every man knows his own address, if not that of his correspondent.—Put it in the upper left-hand corner.

Safety Awheel and Afoot

Are you safer afoot or awheel? Wherein lies the greatest danger to the pedestrian and to the motorist? What is the chief problem of safety in traffic? These are questions that have been answered by the safety-first bureau of the National Automobile club from statistics prepared by the insurance companies.

The accidents to motorists which most commonly appear in the records include collisions, skidding, cranking, and even boarding and alighting from cars. The commonest cause of injury to a motorist is found in cranking the car. So it would appear that one of the important items in playing safe when operating a motor vehicle is to see that your starting battery is in good shape so that you never have to employ the crank.

Second to cranking is collision. There are two collision accidents to three resulting from cranks that misbehave. Fatalities from carbon monoxide which is found in the exhaust of a motor car is no small item, and the danger of operating a car in a closed garage has not been exaggerated.

As to the pedestrian, insurance statistics show that the man on foot is considerably less liable to accident than the man in the motor car.

The reason for a great many accidents is that the operator of a motor vehicle does not realize his responsibility when he takes the wheel. If he had a proper realization of that responsibility which he assumes, he would immediately reduce the hazard to himself and to others. Speed plays an important part in automobile accidents, and by speed one does not mean merely the driving of a motor vehicle at a rate in excess of the legal limits but rather in excess of the moral limit. When the operator of a motor vehicle drives his car faster that safety requires, he is violating this moral limit.

In some of the eastern states and in Europe, this moral limit of speed is considered of far greater importance than the so-called legal limit. Very ofter a man persuades himself that as long as he is driving within the legally prescribed limit of speed, he is doing all that is necessary in the interests of safety. But there is another factor which this attitude does not take into account. That is, that the legal limit does not always take into consideration the traffic situation; the moral limit of speeding always considers the hazard to the operator of the vehicle as well as to the pedestrian.

Always be careful! If you keep this in mind, individually, you will be assisting in the reduction of accidents.

Stately Yucca Now In Its Glory

This is the season of the year when the beautiful yucca plant rears its stately head above the surrounding vegetation—a magnificent example of nature's recompense to the desert for its lack of vegetation. In the washes of this valley and along its barren mountainsides, these strikingly beautiful plants are now in full bloom. Rising many feet above the cacti, sagebrush and chaparral, they stand like sentinels with their pinicles of thousands of pure white blossoms. They can be seen for miles, and the bearer the ground about them the prouder they seem to stand. Erect as though set by man himself, just a few leaves at the base, the columns arise, several feet perfectly bare and then a mass of bloom gorgeous in its beauty, gladdens the eye of the naturalist. It causes one to wonder how such a plant can be produced on the rocks or sand hills from which it springs.

In these days one going to Los Angeles has an unusually good opportunity to see them in all their glory. One, a king among them, stands right near the tracks of the Pacific Electric in the wash just beyond Azusa. This stands so proudly, so kingly, entirely alone that all must admire it. It is an unsually fine specimen.—Glendora Gleaner.

DISTRICT FEDERATION P. T. A. HOLDS ANNUAL MEETING

At the well attended meeting of the federation of the six Parent-Teacher associations in this district, held last week at the Charter Oak school, the reports of the various chairmen of the active committees gave final summing up of work accomplished during the past year, showing a really vital and remarkable advance in every way. In each local organization, as well as in special committee work—recreation, health, child protection, reading circles, education, legislation, publicity, scholarship and playground supervision—fine constructive work has been done.

The speaker of the afternoon was Mrs. Emma Durban of the county health department, whose specialty is oral hygiene. Her talk was full of interest, as she told of the great need of regular dental inspection and care during the early school years, when very often dental care is woefully neglected. The work now being undertaken by the county health department, in connection with the city boards of education, is proving of immense benefit, not only to the better physical condition of the child, but in the decidedly improved school work accomplished. For the past two years Baldwin Park has had dental care and supervision given its school children, at moderate cost to the parents, with most gratifying results, and the report of the work done there was of intense interest.

So greatly were the women impressed by the talk and report that a committee was appointed to confer with the local school board, asking for a trial of the work in the Covina schools another year.

Mrs. Graves, the retiring president, who has done efficient work the past year for the federation, under unusual difficulties, was given a beautiful basket of flowers in recognition of her faithful services.

The officers elected for the coming year are: president, Mrs. Margaret Wood; first vice-president, Mrs. W. F. Lutyen; second vice-president, Mrs. Oscar Miller; recording secretary, Mrs. S. G. Topliff; treasurer, Mrs. H. H. Scott; financial secretary, Mrs. Viola Hicks; historian, Mrs. Jewett; parliamentarian, Mrs. B. T. Jolly.

At the conclusion of the meeting, tea and cakes were served in the school library by Miss Thompson, the local teachers and P. T. A. leaders of Charter Oak.

NOTICE OF SPECIAL MEETING OF THE STOCKHOLDERS OF THE HOME TELEPHONE COMPANY OF COVINA, FOR THE PURPOSE OF CONSIDERING AND ACTING UPON A PROPOSITION TO INCREASE THE CAPITAL STOCK AND AMEND THE ARTICLES OF INCORPORATION.

NOTICE IS HEREBY GIVEN, that, pursuant to a resolution of the Board of Directors of the Home Telephone Company of Covina, duly adopted at a meeting of said Board of Directors, duly held on Tuesday, the 14th day of April, 1925, a special meeting of the stockholders of the said Home Telephone Company of Covina has been called and will be held at the office and principal place of business of said corporation, to-wit: Home Telephone Company of Covina Building, No. 124 East College street, Covina, California, (the same being the principal place of business of the corporation and the building and room where the Board of Directors of said corporation usually meet), on Friday, the 17th day of July, 1925, at the hour of 10 o'clock a.m., of said day, for the object and purpose of considering and acting upon a proposition to increase the capital stock of said corporation from two hundred thousand ($200,000) dollars, divided into four thousand (4,000) shares of the par value of fifty ($50) dollars each, to six hundred thousand ($600,000) dollars, divided into six thousand (6,000) shares of the par value of one hundred ($100) dollars each, of which three thousand (3,000) shares thereof shall be common capital stock and three thousand (3,000) shares thereof shall be preferred stock, which preferred stock shall have the following incidents, characteristics and preferences, differentiating it from the common capital stock:

(a) The holders of the preferred stock shall be entitled to receive from the surplus of net profits of the corporation when and as declared by the Board of Directors, dividends at the rate of 7% per annum, and no more, payable quarterly, semi-annually or annually, on such dates as shall be determined from time to time by the Board of Directors. The dividends on the preferred stock shall be cumulative and shall be payable before any dividends on the common stock shall be set apart or paid, so that if in any year dividends amounting to 7% per annum shall not have been paid on the preferred stock, such deficiency shall be paid before any dividends shall be set apart for or paid upon the common stock.

(b) In the event of the dissolution, liquidation or winding up of the corporation, (whether voluntary or involuntary) the holders of the preferred stock shall be entitled to receive the par value of their respective shares, plus all accumulated and unpaid dividends thereon, before any assets shall be applied to the common stock, but upon payment to the holders of the preferred stock of the par value of their respective shares and accrued and unpaid dividends thereon, all remaining assets shall belong to and be distributed to the holders of the common stock.

(c) The said Home Telephone Company of Covina may at its option, redeem and cancel any number of the said preferred capital stock shares then outstanding, at any time after two years from the date of its respective issue, by payment to the holders thereof of the par value of each share, plus all accumulated and unpaid dividends thereon, plus a premium of 6% upon such principal, if redeemed within the first ten years from the date of its respective issue, and if redeemed thereafter, the premium to be paid upon redeeming each respective share shall decrease one-fourth of one per cent each year.

The shares to be so redeemed and cancelled shall be designated by the Board of Directors, and thereupon notice of the proposed redemption shall be given to each interested stockholder of record at his place of business or residence, but if both said places be unknown, then the notice shall be addressed to the stockholder at Covina, California. Notice is required to be given to stockholders of record only; where one holds stock by assignment, notice need not be given to him, but the stockholder of record on the company's books shall be given the notice as herein provided for. Said notice shall be given at least thirty days prior to redemption date, shall state the number of shares to be redeemed belonging to the respective stockholders to whom the notice is addressed, and that an amount of cash equal to the par value, plus dividends accrued to date of redemption and unpaid, together with the premium which each respective stockholder is entitled to receive for his respective stock, will be on the redemption date in the treasury of the corporation, subject to such stockholders' order, and that thereafter his rights as stockholder under any such stock designated in said notice shall cease. If such notice has been given, no dividend shall accrue or be declared after such redemption date on stock so designated for redemption, unless the corporation shall fail to redeem such stock in accordance with the terms of such notice.

And also for the purpose of considering a proposition to change the capital stock of this corporation from fifty ($50.00) dollars par value to one hundred ($100.00) dollars par value; and also to consider the proposition of making all of the stock of said corporation, when fully paid for, non-assessable; and also for the purpose of considering the amending of the Articles of Incorporation of the corporation, so as to show each and any of said propositions which may be passed or considered at said stockholders' meeting and adopted by the corporation, according to law, and also for the purpose of transacting any other business connected with or relating to the said matters, and any other business that may be properly brought before such meeting.

By order of the Board of Directors.
Dated this 8th day of May, 1925.
FRANK H. WRIGHT,
Secretary of Home Telephone Company of Covina

Hoot Gibson Tonight in 'The Saddle Hawk'

The romance of danger and of action of love that was common to the west of a few generations ago and is to be found even now in some sections of the country is made live convincingly in "The Saddle Hawk," starring Hoot Gibson, which is scheduled to appear at the Covina theater tonight (Friday) and tomorrow night. Marian Nixon is co-starred with Gibson.

Sunday and Monday, Mary Philbin, in "Fifth Avenue Models," will be the feature. The story concerns a beautiful young woman whose father is talented but unsuccessful artist. To support herself and father the girl works as a seamstress for a fashionable modiste. One day she is forced to act as a mannequin at a style show and attracts the attention of a young man who brings sorrow and joy into her life. Supporting the star are Norman Kerry, Josef Swikard, William Conklin, Rosemary Thebe, and others.

Tuesday and Wednesday nights James Cruze's latest production, "The Goose Hangs High," is the attraction. The picturization of the popular stage play is a sweeping vindication of our growing youth—the supposedly gay, careless flappers and the irresponsible collegiate shieks, whose one aim in life is to have a grand and glorious time.

"Lady of the Night," which will be shown on Thursday night only, starring Norma Shearer, goes down to the lowest level of New York society for one side of an intensely dramatic theme, and up into aristocratic Fifth avenue for the other, and concerns two beautiful girls of the different spheres.

GIFTED PREACHERS ASSIST IN EVANGELISTIC SERVICES

The evangelistic services which are being conducted at the Methodist church this week and next are growing in interest. The Conners, singing evangelists, are giving a message in song each night that is worth hearing. They are artists in their line, and are members of the interdenominational association of evangelists.

Each night the pulpit is filled with a minister particularly fitted for the message he brings. Tuesday evening, Rev. John Oliver of Whittier preached. A. Ray Moore, in charge of the Young People's work at the annual conference, spoke Wednesday night. Dr. Milton Buckner, district superintendent, preached Thursday night. Tonight (Friday) Dr. Lincoln A. Ferris, of Glendale, recognized as the foremost preacher in the Methodist church in Southern California, will bring a message.

FREE METHODISTS TO HOLD DISTRICT MEETING HERE

The district quarterly meeting of the Pasadena district will begin on Thursday evening at 7:30 at the Free Methodist church, Second and School streets. Rev. C. A. Watson, district elder, will be in charge. Rev. Ada Hall Marsh, evangelist, will preach at evening services. Also day meetings at 10 and 2:30 each day. Sunday afternoon an address will be given by a missionary from the foreign field. Meals will be served to all who attend at the Oddfellows' hall on Citrus avenue.

The neck may be finished in round or U-shaped outline. The underslip may be of glove silk or any very close-fitting fabric, with the lower section hemmed with satin. Here's Occasion When It Really Was Cold

A Connecticut correspondent writes us: Reading in the Companion recently of a Vermonter who invented a flying machine with which he flew from the top of a high mountain and landed on a rock with such force that he drove his feet into the ledge clear up to his hips and again a little later of a Westerner who sawed a sleeping gray squirrel in two one winter's day without waking him reminds me of a story told by my grandfather. He lived in a very bleak corner of Connecticut in the early days when fireplaces were the only means of heating. It seemed impossible for him to warm the house. At last he became desperate, and, going into the cellar where there was a large fireplace, he packed it full with several cords of good hard wood, set it all afire and then went upstairs to bed.

The next morning he got up early, hoping to find the house warm, but the rooms were as cold as ever; so he went out of doors to see if smoke were coming out of the chimney. To his amazement he saw the flames standing up out of the chimney four or five feet high, frozen solid! Youth's Companion.

Twain Had Weakness for Southern Cooking

Mark Twain, in his Autobiography, pays tribute to Southern dishes, such as, for instance, corn bread and fried chicken.

"These things," he says, "have never been properly cooked in the North—in fact, no one there is able to learn the art, so far as my experience goes. The North thinks it knows how to make corn bread, but this is mere superstition. Perhaps no bread in the world is quite so good as Southern corn bread and perhaps no bread in the world is quite so bad as Northern imitation of it. The North seldom tries to fry chicken, and this is well; the art cannot be learned north of the line of Mason and Dixon, nor anywhere in Europe. This is not hearsay, it is experience that is speaking. In Europe it is imagined that the custom of serving various kinds of bread blazing hot is 'American,' but that is too broad a spread; it is custom in the South, but is much less than that in the North."

Wet Shoes

If you are caught in a rain and get your shoes wet do something to counteract the possible effects if you cannot get home to change your footwear. Business people who are caught this way know how uncomfortable it is to go around in damp shoes and many of them know something about the evil effects that often result.

It is a simple matter to lay a few blotters on top of each other and stand on them a few minutes. You will be surprised how much dampness the blotters will absorb. Even if you are on a shopping tour you can purchase blotters and take this precaution.

If the shoes have become very wet or thoroughly soaked, place a blotter between the stocking and shoe for a few minutes. This is a safety-first suggestion that may avert a cold or more serious illness.

MOUNTAINS TO RECEIVE AIRPLANE PROTECTION

The Sierra Madre mountains are to receive the protection of the government airplanes this year, during the dangerous summer and fall seasons. Three years ago, the air patrol was maintained by the federal government, but was not used last season. This does not provide for regular airplane patrol, but planes will be available at any time for special flights during periods of great fire danger and for reconnaissance work on large fires. Clover Field, Santa Monica, will be the Southern California base. Supervision will be under Paul G. Redington, California district forester, U. S. Service, San Francisco.

Special Six Coach

Here is a low priced closed car that will appeal to those who do not want the ordinary type of coach. Studebaker builds this coach complete—body as well as chassis—thus saving the profit which other automobile manufacturers have to pay to outside body builders. As a result, the price is much lower than that of any other car of equal style, performance and dependability. Come in—let us show you this New Studebaker Coach.

Abundance of room for five passengers. Unusually wide doors. Broad seats. Plenty of leg room. No need for occupant of folding seat to get out when others enter or leave. Body finished in Wyandotte green, with satin-black top. Engine of remarkable power, smoothness and acceleration. Safety lighting control. Full-size balloon tires.

The list of features given below reveals how the Chandler meets these requirements. If you have never driven a Chandler—if you do not actually know how good it is—'phone for a demonstration any afternoon or evening.

LEGION ENDOWMENT FUND--OUR SHARE IN THIS GREAT SERVICE

CHAS. L. SNELLING.

In the last three articles has been outlined the reasons for the fund; why it is necessary, how it will be used, and the amount. In this article is a statement of the amount we are expected to raise and the district in which it is to be raised.

First: The district included in our post area takes in Covina, Baldwin Park, Azusa, Irwindale, Charter Oak, and West Covina. The district is divided into three smaller districts of Azusa, Baldwin Park, and Covina.

Second: The quota we are expected to raise is about $800. The Covina district, which includes West Covina and Charter Oak, should raise $300, and the other two $250 each; more should be raised if possible. Baldwin Park district includes Irwindale.

Over the three districts is to be a colonel; in Baldwin Park a major with two captains and other helpers; the same for Azusa; and one major and two captains in Covina. All the necessary helpers are to be selected by the majors, who will select their own captains.

DR. J. D. REED

There are pledge cards for filing and the amount anyone subscribes can be paid cash down or 20 per cent every month until paid. The amount you subscribe is deductable from your income tax return and therefore a stub receipt is attached to the pledge card and your full name and address should be filled in on the pledge card and on the stub. The stub will be given to you as a receipt and the pledge card filed so that in checking your income tax return there will be no argument.

The colonel will be Dr. J. D. Reed. In charge of the work in Azusa will be Major Earl Philleo. In Baldwin Park, Major Banks. In Covina, Major Ben Jenks. All the necessary workers will be chosen by them.

The drive will begin Monday, June 1, and finish Saturday, June 6. Everybody is requested to help put this district over big.

Remember this is to be used for rehabilitation work and for the care of the orphans of the ex-service men. They made the sacrifice. If they have come back injured in mind or body or both, as Americans, we should do what we can to put them on their feet, well, and able to take care of themselves. If they made the supreme sacrifice or died later from their wounds, we must take care of their children and make good citizens of them; just as good if not better than their father would if he had lived. OUR HONOR IS AT STAKE. They fought for us; what will we do for them? Let us consider where we would be if they had not fought for us, and then give until it hurts. They are looking to you. What are you going to do about it?

Don't forget Memorial day tomorrow. Let us set the day aside in reverence to our honored dead. Services and a program at the cemetery on Grand avenue. Business men, put your flags out.

A. E. MARSHALL MADE FEDERAL FIRE AGENT

A. E. Marshall, proprietor of the Marshall bicycle shop, has received an appointment this week as Federal fire agent for this district. This position carries with it a great deal of responsibility, as the fire agent will be required to furnish men and supplies to fight the mountain fires. Mr. Marshall, who is a native of the valley, is a thorough mountaineer and has had wide experience in the past in fighting fires in the San Gabriel and its tributary canyons. The appointment is of considerable importance to Covina from a financial standpoint, as it will place our local merchants in line to furnish their share of the necessary supplies, such as tools, camp equipment and food for the fire-fighters while in the mountains. For two years Mr. Marshall has been recognized as one of the most efficient crew leaders in the forces furnished by the Angeles Forest Protective association to assist federal authorities in fighting fire.

Early Days in Covina

TEN YEARS AGO

While riding in an automobile with her husband in Los Angeles last Saturday, Mrs. Fred Hepner, wife of a young Covina rancher, suffered an accident of a peculiar nature. Her dress caught fire in some manner from the engine of the machine, and Mrs. Hepner jumped to the pavement. The fall fractured her ankle.

The Masons will play the high school baseball team on Memorial day. The game will be called at 2:30 p. m. The last two or three days, the use-to-be-ball players have been burning their hands with the baseball, preparatory to the struggle.

Mrs. S. J. Bowler gave a formal opening of her music studio at 136 West Badillo street last Saturday evening. The room was artistically arranged in shades of green and old rose, palms, ferns and roses. Miss Phoebe Bowler gave several piano numbers.

With a full-vested choir singing Mendelssohn's wedding processional, and surrounded by a wealth of floral decorations, Ralph W. Crook, son of Mr. and Mrs. William Crook, and Hazel Frances Booth, daughter of Mr. and Mrs. C. T. Booth, were united in marriage at the Holy Trinity church at 8 o'clock Wednesday evening.

Thursday night at Citrus avenue and Cienega boulevard, a Ford automobile driven by Clancey Pearl, a young Covina auto machinist, struck a big car driven by Oscar Miller, resulting in the demolition of the Ford and the injury of three men riding in it. The other two occupants were Claud Groover and Charles Clark. All were badly bruised but no bones broken.

The Covina union high school orchestra played at Puente Thursday evening in a Memorial day program held by the Twentieth Century club in the Hudson grammar school auditorium.

Mrs. Otis Dudderar is entertaining her sister, Mrs. A. L. Chenoweth of Kansas, this week.

Dr. J. D. Reed has been confined to his home the past few days with a severe cold.

TWENTY-FIVE YEARS AGO

A large number of the friends of the pupils of Miss Gertrude Vaughn were present at the recital given in the Coolman hall on Friday evening.

The Azusa Valley Teachers' association was held in the Covina high school on Saturday. During the noon hour a sumptuous cold collation was served by the Covina teachers to the visitors in one of the lower class rooms. The afternoon session was opened by a piano solo by Miss Mabel White, played with excellent taste and expression.

Directors elected for the Covina library are C. B. Webb, J. W. Utter, J. L. Matthews, A. L. Wellington, J. C. Hutchinson, E. B. Carrier, Mrs. W. M. Griswold, Mrs. E. G. Prather, and Mrs. Faulder.

The Azusa hotel has been sold by its owners, P. A. Demens of Los Angeles and S. P. Jewett of Pasadena, to Alfred P. Griffith of Azusa. Mr. Griffith will have the building renovated, making extensive improvements.

The action of the property owners on the east side of Citrus avenue between Badillo street and College street in laying 12-foot sidewalk adds wonderfully to the appearance of the business portion of the town.

Mrs. Mae Madden has placed a soda fountain in her drug store and will serve soft drinks of every description.

C. E. Bemis has sold his ranch home to F. P. Sherman and will move his family into his former residence, corner of Second and Badillo.

Mrs. L. Worrel broke one of her ribs by a fall on Monday. This accident delayed the departure of the family, who were to leave for Washington on the following day, for one week.

Mr. J. R. Hodges represented the Democrats from this precinct at a meeting of the county central committee held in Los Angeles last Saturday.

LOCAL BANKER RETURNS FROM BANKERS' MEETING

J. D. Coles, cashier of the First National bank, accompanied by Mrs. Coles, attended the thirty-first convention of California Bankers' association at Santa Barbara last week, from the 20th to the 23rd.

While Wednesday and Thursday were given over largely to reports of committees and a discussion of laws concerning incomes, trusts and estates with which the banks must deal, Friday was devoted to a discussion of the agricultural problems of the state, and especially as applied to the citrus industry.

"Co-Operative Marketing" by C. C. Teague, President of the California Fruit Growers' Exchange, and "California's Position in the Fruit Market of the Nation—Past and Present Developments with a Glance into the Future" by Moore S. Achenbach of the H. K. McCann Company, San Francisco, were two outstanding discussions. The address of the day was delivered by Dr. Tully C. Knoles, president College of the Pacific, Stockton, on "From Republic to Democracy."

Mr. and Mrs. Coles participated in the social functions of the session, including a party at Granada Theater Thursday evening and the convention ball at Montecito country club on Friday evening. Mrs. Coles also was a guest at the "tea" at the Samarkand on Thursday afternoon.

COVINA'S "BUNDLE DAY" FOR NEAR EAST RELIEF

June the 3rd is an opportunity for all housewives to clean out their closets and garrets of castoff clothing. The Near East Relief is having its annual "Bundle Day." Every type of clothing for infants, children and adults can be used—old bedding, and sheets for bandages; anything in which there is still some wear may be utilized. Send your bundle to the nearest school house. If you cannot take it yourself, ask any Boy Scout or school child and they will gladly see that your bundle is gathered up.

This clothing is to be sent immediately to the Near East to aid the refugees suffering, chiefly in Greece and Macedonia at the present time.

EASTERN STAR OFFICERS' AFTERNOON OF FROLIC

The officers of La Paloma chapter, O. E. S., namely: Mrs. J. N. Hurst, the beloved organist; Mmes. Edna Sawyer, Alice Jones, Mabel Goheen, Esther Walters, Edna Paige, Mary O'Brien, Dorothy Speer, Lora Alexander, Sallie Bost, Edna Jennings, with the Misses Maud Hurst, Opal Searey and Mae Coffman, were invited guests on Thursday afternoon, May 21, at the beautiful country home of Mrs. Jennie Montgomery on Section Center boulevard, the hostesses being three of their sister officers, Mrs. Montgomery, Mrs. Josephine Beardslee, and Mrs. Lillian Wolfarth.

The occasion was a real "kid" party and the guests were requested to "doff dignity" and don children's costumes—the "boys" and "girls" to be numbered equally.

The playing of the various children's games was productive of much merriment, and just before the serving of refreshments, a special "feature" was introduced which proved a complete surprise, even to the participants. There was a "wedding," the contracting parties being announced as Mr. Matron (Maud Hurst) and Miss Prompter (Edna Sawyer). The wedding party was ushered in to strains of music from the phonograph and grouped themselves beneath a huge dinner-bell suspended in the archway between hall and living-room, and here the "officiating clergyman" (Mrs. Montgomery), arrayed in cap and gown, read the "ceremony" in a most impressive manner. The "flower-girl" and "ring-bearer" (Mmes. Wolfarth and Beardslee) rendered their parts too, very effectively, while the blushing bride and bashful groom were all that could be desired in "acting the part."

Refreshments were of the sort to enlighten the hearts of "children," while there was, of course, a "wedding cake" which was so deftly cut by the "bride" as to suggest a previous experience in this art.

Miss M. S. Huse of Long Beach, a guest of Mrs. Wolfarth, with "Mother" Hurst, formed a delighted "audience," and the kindly presence of the later, so well and lovingly known in our community, lent a gentle dignity to this altogether charming "afternoon of frolic."

MRS. BEATTIE ENTERTAINS WITH BRIDGE LUNCHEON

Mrs. C. H. Beattie entertained Wednesday at her home on Double avenue with a bridge luncheon. During the afternoon Mrs. Tom Howell, a recent newcomer to Covina and a talented reader, entertained the ladies with a group of clever readings. Yellow was used throughout the luncheon in decorations and motifs. The prizes awarded were a large vase of gladiolas, the second a smaller vase of Easter lilies, and the consolation a bottle of catsup in a fancy dress.

The guests were Mmes. F. H. Richard, L. Ralph Richard, E. D. Barry, Tom Hewell, J. R. LaFollette, Arthur Lee, C. T. Booth, C. D. Wolfinger, J. R. Elliott, D. J. Pitzer, E. G. Prather, E. H. McHann, S. S. Aschenbrenner, W. L. Ferguson, and J. T. Huntington.

HIGH SCHOOL BALL PLAYERS GO ON FISHING EXCURSION

Last Saturday Coach McIntosh and eighteen members of the high school ball team made an early get-away for Redondo. They chartered a boat and launched out near Point Firmin. The boys came home laden with a fine catch of mackerel, barracouda, and sea bass. With the exception of a few upheavals when the waves were heavy, no accidents occurred.

LITTLE JACK CARNES NOW ROMPS WITH PLAYMATES

As the Los Angeles Orthopaedic hospital has been asking for small donations recently, it might be of interest to know that its healing influence has made at least one family happy in our own community.

Little Jack Carnes, the five-year-old son of Mr. and Mrs. J. R. Carnes, who reside on East Badillo street, has been afflicted from birth with weak ankle that would not support the foot in its normal condition, causing a deformity. The parents have had the child to various specialists in the east, where they resided. An operation was performed on the ankle at the Allegheny hospital, Pittsburgh, which only aggravated the condition. The little fellow, however, was operated on in March at the Orthopaedic hospital, and is going to school happy because he is walking like his playmates, with only a slight limp, which will doubtless disappear with the years. Mrs. Carnes says that each child in the hospital receives the same attention, regardless of color or creed, or whether they are rich or poor. The institution is kept up by private subscriptions, the best surgeons of Los Angeles giving largely of their services.

MEMBERS OF AMPHION CLUB ENJOY EVENING PICNIC

Members of the Amphion club and their families to the number of one hundred gathered at Cotta Villa, the lovely home of Mr. and Mrs. Lewis A. Miller, Glendora, last Saturday evening to enjoy a basket picnic, an annual event of the club. The picnic ground, situated in the foothills, is one of the prettiest spots in the valley. Japanese lanterns and colored electric lights were charmingly effective. After the supper, an informal musical program was given by the members.

COVINA PEOPLE GUESTS OF LOMAS TROUPE OF ACTORS

Mr. and Mrs. Bert Heffner attended a dinner party given at the home of the latter's mother, Mrs. Emma Bushling, in Los Angeles Sunday evening. The party was given in honor of the Lomas troupe of actors, who are now performing at Pantages' theater and who are old friends of Mrs. Bushling and her sons and daughter. Following the dinner the party attended the performance at the theater and with other old-time friends held a reunion "back stage."

BAPTIST CHURCH TO OBSERVE SUNDAY AS MEMORIAL DAY

"UNCLE" BEN PEARSON ADDRESSES ROTARIANS

The human touch permeated the address of "Uncle" Ben Pearson delivered before the Covina Rotary club yesterday, as in no other address that has even been given before that body. The title was "Saving the Human Derelict." Mr. Pearson has probably extended the helping hand to more criminals than any other man in America, but never before that criminal has paid the price of his crime.

At present Mr. Pearson is chairman of the board of trustess of the Whittier reform school.

The demonstration is one which is very instructive and entertaining and is well worth attending. Everyone interested is invited to attend.

OLD IRWINDALE RESIDENT GIVEN BIRTHDAY SURPRISE

WHAT HAS CIRCULATION TO DO WITH ADVERTISING?

Here's the answer to the question—

WHY—
do stores display their goods in the windows instead of merely displaying them inside?
BECAUSE—
more people pass outside the stores than inside.

Circulation

WHY—
does a store on Citrus avenue command a higher rent than one in the residence section?
BECAUSE—
more people pass Citrus avenue than they do any named residential section.

Circulation

WHY—
does an advertisement in the Covina Argus bring better results?
BECAUSE—
it is a newspaper that is read with interest.

Circulation

IN ORDER—
to get results your advertisement must be READ.
The more people who read it the more chances it has to get results.
THEREFORE—
when you advertise your business it is "good business" to use the Covina Argus.
